RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents:

Reconsideration of this application in view of the following comments is respectfully requested.

By Office Action mailed January 11, 2007, the Examiner has entered a three-way Restriction Requirement as set forth on page 2 of the Office Action. In response to the same, Applicants hereby elect, without traverse, the Group I claims – that is, claims 1-35 drawn to an immobilization method.

In addition, and for purpose of initial examination only, Applicants make the following elections from the species described by the Examiner on pages 3 and 4 of the Office Action:

- 1) compositions and uses of oligonucleotides;
- 2) sensor surfaces.

In view of the above remarks, consideration of the elected subject matter is respectfully requested.

Respectfully submitted,
Seed Intellectual Property Law Group PLLC
